Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

MAR 23 11:13

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Without being able to have my
prescription adjusted, I would still be
suffering from recurring hot flashes. As my
hormones continue to change, I'm sure I will
need to have my medication adjusted again in order
to have a comfortable quality of life.
